

Can You Hold Me

xens

I'm in a place from hell,
maybe that's what I deserve,
for searching you.

But I just can't explain,
from my loneliness.
You know it hurts,
that's why I say.

Hey, hey.
Can you hold me?
Am I lonely
in this underworld?

I know we started like friends,
but I don't know how it ends.
What can we do?

You were all I got,
but then we forgot
how to love,
that's why I say.

Hey, hey.
Can you hold me?
Am I lonely
in this underworld?

I know we started like friends,
but I don't know how it ends.
What can you do?
